## Challenge for the Students

Finding a good employment opportunity is a great challenge for students. Furthermore, students also need a platform to differentiate them in order to get better profiles. On the other hand, finding Employable talent at the entry level is a big challenge for the Employer Organizations. In order to address these concerns, TimesJobs and S Quotient have partnered to launch QUEST, an Employability Skills Test for helping Employer Organizations hire Pre Assessed Students.

S Quotient Analyzers Pvt. Ltd, an organization that focuses on Competence Benchmarking and Assessments comes with a vast experience of having conducted Assessments for various organizations in the IT, ITES, Financial Services, Telecom, Retail and Education Segments.

## The Program – QUEST

QUEST currently assesses students to determine their Learn Ability (Aptitude) and Core Domain (Branch) skills.

QUEST is approved and recognized by Timesjobs.com's select clients that have manpower requirements of Engineering and MCA students. Timesjobs.com would share QUEST's scores of the pre assessed qualified students with its clients, to help source the desired talent that matches clients' hiring criteria.
